

# AUTOQUIZZER

Léo TORRADO

The background of the image is a dark gray with a complex, light gray circuit board pattern. The pattern consists of numerous thin lines representing traces, and various geometric shapes representing components like resistors, capacitors, and integrated circuits. The lines and shapes are distributed across the entire frame, creating a technical and digital aesthetic.

# WHAT IS AUTOQUIZZER ?

---

Web application that generates quizzes using the url given by the user.

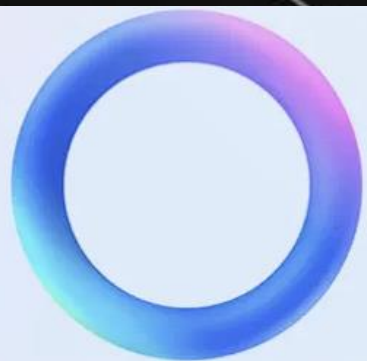

The background of the slide is a dark gray with a complex, light gray circuit board pattern. The pattern consists of various lines, nodes, and geometric shapes resembling electronic components and traces, creating a technical and digital aesthetic.

# PURPOSE

---

To make it easier and faster for teachers to create questions for exams.

To allow students to self-evaluate to prepare for exams.
